

# POWER PEOPLE

## Talent Acquisition for a Greener Future

### Geothermal

This renewable source covers a significant share of electricity demand in countries like New Zealand, and the Philippines.

Power People understands the challenges facing the sector, and our dedicated team of consultants can support clients throughout the whole project lifecycle.

We have proven experience in supporting developers, and contractors for numerous geothermal jobs and projects throughout the world.

Power People successfully places personnel across a wide range of disciplines.

**These include:**

Engineering, planning, design, procurement, development, operations and maintenance, project controls, and project management.
