

POWER PEOPLE

Talent Acquisition for a Greener Future

Solar Energy

The industry is changing fast. Solar jobs will account for almost half of the **42 million renewable jobs** predicted by [The International Renewable Energy Agency](#) in 2050.

Power People understands the challenges facing the sector, and our dedicated team of consultants can support clients throughout the whole project lifecycle.

We have proven experience in supporting developers, and contractors for numerous solar jobs and projects throughout the world. Power People successfully places permanent personnel across a wide range of disciplines.

These include:

Engineering, planning, design, procurement, development, operations and maintenance, project controls, and project management.
