

## **POWER PEOPLE**

### Talent Acquisition for a Greener Future

#### **Electro Mobility**

The Electro Mobility team connects talent and employers in this rapidly expanding, ever-changing and exciting industry.

We help support Automotive Manufactures, Leading Developers, Charging Infrastructure and Connected Solutions Providers, managing and implementing efficient, robust talent solutions.

We place permanent personnel across a wide range of disciplines, supporting Manufacturers, Developers, OEMs, EPCs and the supply chain.

**These include:**

Engineering, planning, design, procurement, development, operations and maintenance, project controls, and project management.
